# THE BANK DIRECTORY OF THE WORLD

## *Polk's Bankers Encyclopedia*

### **MOST CONVENIENT AND COMPLETE BANK DIRECTORY**

Polk's Bankers Encyclopedia, issued semi-annually in March and September, is compiled for the use of bank executives, brokers, collection and credit men, manufacturers, merchants and industry generally. It covers completely and accurately the banking field throughout the whole world, giving the names of officials and directors, resources and liabilities in detail.

#### **ISSUED IN TWO VOLUMES**

**VOLUME ONE**—Devoted to the United States, U. S. Possessions, Canada and Bank Laws.

**VOLUME TWO**—FOREIGN SECTION—Devoted to Banks and Bankers Throughout the World. (Except the United States, U. S. Possessions and Canada).

The FOREIGN SECTION, included without additional cost to subscribers of POLK'S BANKERS ENCYCLOPEDIA, is the only complete list of its kind.

Price \$15.00 per copy

In Canada and Foreign Countries \$20.00

# INTRODUCTION

---

R. L. POLK & CO., publishers of the Astoria City and Clatsop County Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1931 edition of the Astoria and Clatsop County Directory.

Confidence in the growth of Astoria and Clatsop County's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S directories in the estimation of the public throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Astoria and Clatsop County Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

## Population

The estimated population of the city of Astoria is 11,373, based on the number of individual names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

## Six Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE, pages 13 to 32, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Astoria and Clatsop County. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The community's activities in many interesting phases, are authentically pictured. In an ambitious and progressive community like Clatsop County, the necessity of having this kind of information immediately available, is very great, and frequently pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Astoria is included in pages 35 to 191. A feature of this section is the inclusion of the wife's name in parentheses following that of the husband. In pages 239 to 288 appears a directory of the smaller cities, towns and post offices of Clatsop County, arranged alphabetically by towns.

THE ASTORIA DIRECTORY OF HOUSEHOLDERS, TENNANTS OF OFFICE BUILDINGS, AND OTHER BUSINESS PLACES AND STREET AND AVENUE GUIDE, pages 193 to 237.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 289 to 348. This department lists the various manufacturing mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE CLATSOP COUNTY TAXPAYERS' DIRECTORY extends from page 349 to page 352.

THE CLATSOP COUNTY RURAL ROUTES DIRECTORY, covering the routes served by the Astoria, Seaside and Warrenton Postoffices, is included in page 353 to 358.

#### Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Astoria and Clatsop County, for business men, everywhere, realize that the city directory represents a community as it really is.

#### The Astoria Directory Library

Through the courtesy of the publishers of the Clatsop County Directory a Directory Library is maintained in the offices of R. L. Polk & Co., 325 Artisans building, Portland, Ore., for free reference by the general public. This is one of nearly 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

## STATISTICAL REVIEW

(Courtesy Astoria Chamber of Commerce)

**Form of Government**—City manager.

**Population**—10,349 (Government Census).

**Area**—6,557 square miles.

**Altitude**—15 feet.

**Climate**—Mean annual temperature, 50.9 degrees; annual rainfall, 76.99 inches.

**Parks**—4, with 48.21 acres.

**Assessed Valuation**—\$9,365,435 with 95.9 tax rate.

**City's Bonded Debt**—\$4,101,755.04.

**Financial**—3 banks, with total deposits of \$2,928,949.22, resources of \$3,615,759.72, and clearings of \$29,508,016.82.

**Post Office Receipts**—\$62,521.75.

**Telephones in Service**—400.

**Churches**—16, leading denominations.

**Building and Construction**—Value of building permits, \$305,269.50, with 3 new dwelling units constructed (1931).

**Real Estate**—2500 homes.

**Industry**—Establishments having products valued at \$10,000,000 (last report).

**Trade**—Retail territory serves 75,000 people.

**Newspapers**—2 dailies.

**Hotels**—7 principal (newest built in 1923).

**Railroads**—1: Spokane, Portland & Seattle.

**Amusements**—2 theatres, with total seating capacity of 1,836 persons. Largest auditorium seats 1,112 persons.

**Hospitals**—2, with 161 beds.

**Education**—7 schools, including 1 senior high and 1 parochial. Number of pupils in public schools, 2,046. Total number of teachers 83. Value of all school property, private and public, \$746,500.

**City Statistics**—Total street mileage, 34, with 31 miles paved. Miles of sewers, 49. Capacity of water works (municipal) 5,000,000 gallons, with 51.8 miles of mains, and plant valued at \$1,082,680. Fire department employs 15 men, with 1 auto, 1 engine, 2 hose and chemical wagons and 1 hook-and-ladder truck, in 3 station houses. Police department has 10 men, with 1 station and 4 pieces of motor equipment.

**ASTORIA, THE HOME OF KING CHINOOK**

Astoria is located at the mouth of the Columbia River. It is the oldest white settlement in the Northwest. Astorians from their verandas can watch the ocean liners of the Pacific plying their way in and out of the Columbia entrance, or silhouetted against the setting sun on the breast of the ocean.

Astorians are properly proud of the early history of their city, for it was the portal through which civilization of the white man extended up to the Columbia River and throughout the Oregon Country consisting of Oregon, Washington and part of Montana.

Captain Robert Gray, a Boston mariner, was the first white man to enter the Columbia River and his ship "Columbia" was the first modern type ship to enter the river, in 1792, and after which the river derives its name. In 1805-06 Meriweather Lewis and William Clark, aided by the famous Indian woman, Sacajawea, made their overland expedition to Astoria, and established Fort Clatsop near the river which now bears their names. They remained at Fort Clatsop during the winter of 1805-06, securing salt for their return expedition by boiling sea water at Seaside. The salt cairn of Lewis and Clark is located at Seaside, Oregon, and is viewed by thousands annually. The explorations of these two adventurers penetrated as far as Cannon Beach, where they utilized a stranded whale to supply them with sustenance on their return journey. A flag pole at Fort Clatsop now marks the site of their original activities.

Astoria was established by a fur trading expedition sent by John Jacob Astor. The post was later taken by the British and named Fort George and later returned to the American dominion after the fixing of the boundary line between the United States and Canada.

Astoria's chief commercial industry is salmon packing. Numerous canneries along the Columbia pack seven to eight millions of dollars worth of salmon each year. This product is shipped to all parts of the world. The industry ranks third in industries of Oregon and employs thousands of men and women each year.

The city is located in one of the greatest lumber belts in the world. This provides another substantial payroll for the city. More than one-half the standing timber in the United States is located in Oregon and Astoria is centrally located in the most timbered section and also adjacent to the greatest wooded section of the state of Washington, which ranks second. Spruce, fir, hemlock, cedar and alder can be found in abundance only a few miles from the city.

The Astoria district may well be called a "Cow's Paradise". The mild climate keeps pastures green throughout the year. Snow is very rare. The dairy industry has an annual value of \$2,000,000. Astoria manufactures its own dairy products, having two large creameries and ice cream plants, a powdered milk factory, all securing raw material from Clatsop county. Poultry raising is also making rapid progress, due to the availability of cheap logged off land, the mild climate and the abundance of green feed.

Shipping is one of the primary industries of the city and newest in development. Astoria has expended more than \$4,000,000 on the Port of

Astoria terminals. Ships from every part of the world dock at one of the three deep water piers. The port is one of the chief grain and lumber shipping points of the Columbia River Basin. Astoria claims the largest fresh water harbor in the world, has less fog hours than any other port of the Pacific and the immense size of the river and tidal action eliminates the flood hazard or annual freshets. Shipping is never hindered by floating ice. The shipping industry has done much for the fishing and lumbering industry in the line of transportation and the lumber and fishing industries have in turn done their bit to build up the shipping industry.

Astoria has the lowest mean maximum temperature of any city in Western Oregon, 58.9 degrees. It has the highest mean minimum temperature of any city in Western Oregon, 45.2 degrees. Astoria has more clear days and fewer cloudy days than other principal cities of Oregon. These are a few of the outstanding evidences of the mild and equable climate of Astoria which reacts to the great benefit of agriculture and which is an important contributing factor in making Astoria a delightful place in which to live, the hottest day ever recorded in Astoria being 97 degrees, and the coolest 10 degrees above zero.

Astoria stands at the junction of two of America's greatest highways, the Columbia River Highway which follows the great stream down from the heart of the continent to the sea at Astoria, and the Roosevelt Highway, which parallels the Pacific coastline from Astoria to the California line.

Astoria claims many fine homes in addition to its many modern hotels and office buildings. The entire business section of the city burned to the ground in December, 1922, and has since then risen to be one of the most modern cities in the country.

Astoria is the center of a vacation wonderland. At its doors are the Oregon coast resorts, dominated by Seaside, the premier watering place of the Pacific Northwest. Ranking next to Seaside are Gearhart, Cannon Beach, and a long list of other famous resorts. At Astoria the tourist finds facilities for deep sea fishing, witnessing seining for salmon on Sand Island.

Trips across the Columbia River are available at all times. Scores of well stocked trout streams, bass lakes, duck shooting lakes are within a half hour's drive of Astoria. Three golf courses are within a short distance of the city.

The history of the Lower Columbia River Basin is depicted upon a massive, heroic column erected jointly by Vincent Astor, great-grandson of John Jacob Astor, and the Great Northern Railway. It is 700 feet above Astoria, 125 feet high and the sub-structure is built of concrete covered with a plastic substance. There has been etched in colors into the column in spiral figures seven feet high, the progressive, historical facts beginning with the primeval wilderness and extending to the coming of the first transcontinental railway train. An interior staircase leads to the apex of the column, whence a magnificent panorama of many rivers, mountains and forests may be viewed. At its foot on the banks of the Columbia, stands Astoria, one of the most modern cities of the Northwest and one destined to great growth and a glorious future.

DIRECTORY OF HOUSEHOLDERS (1931)

193

## POLK'S ASTORIA Directory of Householders

Occupants of Office Buildings and Other Business Places

Including a Complete

## Street and Avenue Guide 1931

Copyright, 1931, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

MORE GOODS  
ARE BOUGHT AND SOLD  
THROUGH THE  
CLASSIFIED BUSINESS LISTS  
OF THE  
**DIRECTORY**  
THAN  
ANY OTHER MEDIUM  
ON EARTH

# The City Directory

---

places the city on the map and is its only representative to the world beyond its own gates.

¶ It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

¶ It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

¶ The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

¶ Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

Copyright, 1931, by R. L. Polk & Co.

For List of Abbreviations see page 34

---

The city of Seaside (also called Clatsop Beach) has an ideal climate the year around, unexcelled boating and bathing facilities, splendid hunting and fish (both fresh and salt water), that combine to make it one of the most popular summer and winter resorts on the Pacific Coast. Located on Clatsop Beach at the junction of the Necanicum and Wahanna rivers, 117 miles west of Portland, and is the terminus of the Spokane, Portland & Seattle Railway. Seaside has at present the brightest future of any city or resort on the Lower Columbia River. Seaside has a standing population of 1,565 (1930 census) with as high as 12,000 during the summer months. One of the finest municipal water plants is located at Seaside, the water of which flows from mountain springs at the head of the Lewis and Clark and Berman rivers. Although small in population, Seaside presents a metropolitan air at all times and is bustling with business the year around. Several large concrete buildings have been erected the past year and plans are under way for the erection of more during the winter. Seaside has, aside from the above improvements, six miles of pavement, an electric light and power plant, gravity city water systems, best of schools and churches. The outlook for Seaside as a commercial center is promising, as at present there are large timber tracts being cruised for logging and three large logging crews are at work the year around in the vicinity. Seaside has a weekly newspaper, the Seaside Signal, saw, planing mill and box factory. There is room for several more, as the timber is inexhaustible. The scenery in and around Seaside is unsurpassed anywhere and the climate is mild in winter and cool in summer. Best of telephone and telegraph service, modern hotels at all points on the beach, fine auto livery accommodations and several passenger trains both ways to and from Portland makes Seaside the place to spend the summer months.

**SVENSEN.** A recently established postoffice.

**WARRENTON.** An inc city within the Port of Astoria on the S P & S Ry bounded by Youngs Bay and the Lewis and Clark River on the east, the Columbia River on the north, the town of Hammond and the Pacific Ocean on the west, has a navigable channel in the Skipanon River through the center of the city to the Columbia River. Population 700. The city owns a gravity water system with a main line about twenty miles in length and supplies water to the Clatsop Beaches, the homes on the Clatsop Cranberry Tracts, the town of New Astoria (Hammond), the Military Reservation at Fort Stevens, and to the industries and inhabitants at Warrenton.

### WARRENTON—Continued

The industries are saw mills, planing mills and canneries operating in season.

The citizens at special election, created the Department of Public Docks, investing the Council with power to carry out the provisions of the act and to aid in the locating and establishing of industries.

# The Guide Post to the City.

Is Never Further Removed From You Than the  
Nearest City Directory

Anything and Everything you might wish to learn as regards the civic, social, commercial or industrial life and phases of the community is therein, at your finger tips, in a concise, correct, non-partisan, and detailed manner. The information is completely standardized in order that it may be just as easy for you to find what you wish to determine in any City Directory, as in the Directory of your own city.

For free access to the books of other cities visit the nearest City Directory Library. A list of the City Directory Libraries, together with a privilege card will be sent you upon request to

**R. L. POLK & CO.**

POLK DIRECTORY BLDG.

431 HOWARD ST.

DETROIT, MICH.

## The Alphabetical Section---

A guide to the population, its activities and addresses.

## The Buyers' Guide---

To the commercial, professional and industrial interests.

## The Classified Section---

A guide to the many business interests, arranged under typical headings.

## The Householders' Guide---

A guide to the streets and avenues and the residents and tenants thereon.

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its full

lest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

# City Directory

## Don'ts

**DON'T** put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

**DON'T** think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

**DON'T** look mad when a customer asks to look at your Directory.

**DON'T** look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

**DON'T** forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

**DON'T** forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

**DON'T** forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.
