The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

R. L. Polk & Co., Publishers

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 other city, county, state and national Directories, present to subscribers and the general public, this, the 1960 edition of the Astoria City Directory.

Confidence in the growth of Astoria and Clatsop County's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Astoria City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The several essential departments are arranged in the following order:

I. THE YELLOW PAGES constitute the first major department of the directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Astoria, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business firms and cooperations for Astoria, Gearhart, Hammond, Seaside and Warrenton is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Astoria, Hammond, Gearhart, Seaside and Warrenton, and the name, official personnel, nature and address of each firm and corporation in these cities. The Rural Route Box holders are also included in this section.

III. THE ASTORIA DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Astoria is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Astoria is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Astoria and Clatsop County, for business men, everywhere realize that the City Directory represents a community as it really is.

Through the courtesy of the Publishers of the Astoria City Directory, a Directory Library is maintained in the offices of the Astoria Chamber of Commerce, for free reference by the general public. This is one of over 1,000 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individual engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

STATISTICAL REVIEW

FORM OF GOVERNMENT—City Manager.

POPULATION—1960 Census 11,100.

AREA—6.557 square miles.

ALTITUDE—20 feet to 600 feet.

CLIMATE—Mean annual temperature; 51 degrees. Annual rainfall; 75.99 inches.

PARKS—3 with 140 acres, valued at \$175,000.

ASSESSED VALUATION—\$7,516,121.00.

FINANCIAL—2 banks, deposits \$25,036,801.67.

POST OFFICE RECEIPTS—\$198,810.96.

CHURCHES—20, representing all denominations.

BUILDING—\$33,298.25.

VALUE OF INDUSTRIES—Fish packing, \$30,000,000; dairy products, \$3,000,000; lumber \$47,000,000; grass seeds, \$200,000; beef, \$100,000; vegetables, \$130,000; poultry, \$400,000; maritime commerce, \$1,000,000; boat building, \$400,000; medicinal oils and fish by-products, \$300,000; mink, \$1,000,000.

TRADE—Retail territory has a radius of 30 miles and serves 30,000 people. 285 establishments.

NEWSPAPERS—1 daily, 1 weekly.

MOTELS AND HOTELS—9 principal with a total of 600 rooms.

BUS LINES—Western Greyhound Lines and Smart Bus Line.

RAILROADS—1, Spokane, Portland & Seattle Ry. Co.

HIGHWAYS—Terminus of U. S. No. 30, U. S. No. 101, U. S. No. 26, State No. 202.

AIRPORTS—1, municipal West Coast Air Lines regular daily schedule.

RECREATION—3 golf courses, beach resort, 3 theatres, night clubs, public swimming pool, city parks, tennis courts, bowling alley, softball diamond, fresh and salt water fishing, roller rink, rod and gun club, dancing and picnic facilities, Armory with auditorium seating 2,500 people.

HOSPITALS—2, with 93 beds.

EDUCATION—5 schools, including 1 senior high, 1 junior high, and 1 parochial. Number of pupils in public schools, 2,149; parochial, 350; teachers in public schools, 111; value of school property (public only) \$8,009,492.00. Clatsop County Community College offers complete junior college program.

CITY STATISTICS—50 miles paved streets. Miles of sewers, 55; 3,300 water meters; 6,800 light meters; capacity of water works (municipal), 5,400,000 gallons daily with daily average consumption of 3,000,000 gallons; 52 miles of mains and plant valued at \$1,860,000. Fire department employs 20 men, with 1 auto, 2 500-gallon pumpers, 1 triple combination machine, 3 hose and chemical wagons and 1 hook and ladder truck in 3 station houses. Value of fire department real estate \$300,000. Police department has 19 men, with 1 station and 6 pieces of motor equipment. Value of police department real estate and equipment, \$50,000, plus 3-way F.M. radio in both Fire and Police Departments.

General Review

Astoria and Clatsop County are rich in historic interest and importance. Early events occurring here had far reaching effects, eventually resulting in Oregon and the Pacific Northwest becoming a part of the United States instead of the possession of a foreign power.

Urged on by the desire to find a fabled "Northwest Passage" by water across the North American continent, Spanish and British explorers had sailed along the Oregon and Washington coastline, but the Columbia River was not discovered until 1792, when Captain Robert Gray of Boston entered the river and named it after his ship, the "Columbia."

In 1804, President Jefferson appointed Captains Meriwether Lewis and William Clarke to head an expedition across the western plains and mountains to the Pacific Ocean. Lewis and Clarke explored the Lower Columbia region and spent the winter of 1805-1806 at Fort Clatsop, near Astoria.

Fort Clatsop, a national memorial park, the 1805-06 headquarters of Lewis & Clark near Astoria was rebuilt in its exact replica in 1955 and is one of the finest tourist attractions on the Pacific Coast today. Located four miles south of Astoria on U. S. No. 101 the fort was rebuilt on the exact spot of the original fort.

In 1810, John Jacob Astor of New York organized the Pacific Fur Company to engage in the fur trade on the Columbia River. This company sent the ship "Tonquin" by sea and another party overland, the two to meet at the mouth of the Columbia River. The men in the "Tonquin" arrived at their destination in March 1811, and built Fort Astoria, the first permanent American settlement on the Pacific Coast. After many hardships and loss of lives the overland party arrived in the winter of 1811. Due to the War of 1812 and the loss of relief ships, the fort passed into the possession of the British, but was restored to the American flag in 1818.

During the following decades Astoria was the goal of traders, explorers, missionaries and pioneer settlers, and on the shores of the Columbia are the last resting places of many

of these early intrepid adventurers. These historic events are illustrated on the pictorial frieze surrounding the main portion of the Astor Column, a concrete monolith 125 feet high, located on Coxcomb Hill, overlooking a scenic panorama of mountains, oceans and rivers. This unique monument is the only one of its kind in the United States and attracts thousands of visitors annually.

Astoria today is a modern city of about 11,000 population, the commercial, financial and shipping center of the Lower Columbia River district of Northwestern Oregon and Southwestern Washington. Most of the Astoria business district was rebuilt following a disastrous fire in 1922 and its stores and office buildings are a credit to a city of its size.

Astoria is the headquarters of the Columbia River fishing industry and along its waterfront are many plants engaged in canning, curing and freezing fish. Here is the largest flour mill in Oregon. Other manufacturer products are butter, ice cream, powdered milk, lumber, veneer, fish oils and meal and a number of specialty products. Many of these plants are open to visitors.

Astoria's school system is housed in modern, well-equipped buildings. The principal church denominations, leading fraternal organizations, patriotic societies and service clubs are represented in the city's social life. The finest turf athletic field in the state and other playgrounds provide facilities for many outdoor sports. Water sports enthusiasts find ideal conditions for motor boats and sail boats.

At Astoria is located the huge Tongue Point Naval Base, the only regular Navy base in the State of Oregon. It is the home of the Columbia River Group, Pacific Reserve Fleet, A large permanent base for the Reserve Fleet, U. S. Maritime Commission is also located at Astoria. At these two installations are many vessels which can be reactivated on extremely short notice, in the event of a national emergency.

Astoria is located at the confluence of the Columbia River and Youngs Bay, about ten miles from the mouth of the River. The city is at the junction of three transcontinental motor routes—U. S. Highway No. 30, starting on the Atlantic Coast and ending at Astoria; U. S. Highway No. 101, paralleling the Pacific Ocean from Mexico to Canada, and U. S. Highway No. 26 from Nebraska to Astoria. Other modern improved highways lead from Astoria into the farming and timber districts of the city's trade area. Passenger service is provided by the Spokane, Portland & Seattle and Northern Pacific.

At the larger waterfront docks ocean liners load for ports around the world. Fast, frequent ferry service across the Columbia River connects the highway systems of Oregon and Washington.

Astoria's hotels, restaurants, garages and a modern retail shopping district furnish a complete, satisfactory service to the traveling public.

Basic Industrial Resources

Astoria is the headquarters of the Columbia River fishing industry. Plants located in or near Astoria produce canned, frozen and cured salmon, fish meal and oil with an estimated value of \$30,000,000 annually. A newly developed industry, steadily growing in economic importance, is the tuna fishing and packing industry. White meat albacore tuna are caught by deep-sea trollers beyond the mouth of the Columbia River in the Pacific Ocean, and the majority of salmon canneries have facilities for tuna canning also. Pilchards, used for fish meal and oil, are taken with purse seines by boats operating in the Pacific Ocean beyond the three-mile limit. About two thousand boats of various sizes and types are engaged in the Columbia River fishing industry.

Timber, several varieties, all growing to immense size, forms the basis of a large logging and lumbering industry in Clatsop County. Fir, hemlock, spruce and cedar grow thickly on the slopes of the Coast Range. The logs are hauled by train or motor truck to tidal streams, then towed to Columbia River sawmills. There they are made into every kind of lumber or converted to other wood products, such as veneer, plywood, shingles, pulp and paper, eventually going to markets all over the world.

Agriculture—highly specialized, producing top quality, high value crops—is concentrated mostly along the Columbia River and its Tributaries and in coastal river valleys. The principal dairy farms are stocked with herds of high producing agricultural activity. Dairying is favored by a long period of green pasture, large yields of root and forage crops.

Other important agricultural products are eggs, poultry, bent grass seed, cranberries, bulbs and vegetables. Fresh garden peas are shipped by carloads to eastern markets, where their exceptional quality brings high prices.

Climate

The geographical location of Astoria produces a mild equable climate, spring-like during most of the year. There are no extremes of heat or cold. Temperatures below freezing are usually of only a few days' duration and there are no summer "heat waves" or drought periods. The average frostless growing season is nearly ten months. The mean maximum temperature in December is 43. The average annual rainfall is about 76 inches, most of which falls between November 1st and March 1st.

Recreational Attractions

Astoria is at the center of a beach resort recreational area along the Oregon and Washington coasts north and south of the Columbia River. The Clatsop beaches offer the vacationist and tourist unequalled opportunity for rest and recreation. Southward from the Columbia River for thirty miles reach the smooth, surfwashed sands of the beaches.

Along this stretch of interesting ocean front are located the resort communities of Seaside, Gearhart and Cannon Beach. There are accommodations to satisfy individual desire

or fit any expense budget—modern hotels, comfortable cottages, auto courts or camping sites. The restaurants and markets offer all kinds of fresh sea food and garden vegetables.

Many interesting and historic tourist attractions are to be found in and near Astoria, including the famous Astor Column, Fort Clatsop, Fort Astoria, Fort Stevens State Park, the wreck of Peter Iredale, Saddle Mountain State Park, Ecola Park, plus many other attractions for the tourist.

The Astoria Chamber of Commerce, 14th and Commercial Street maintains an information service for tourists and others interested in Astoria and Clatsop County. Booklets, maps and other material are available free to inquirers.

GEARHART

A Post Office on the Spokane, Portland & Seattle Railway; 15 miles southwest of Astoria, and 3 miles from Seaside. Gearhart has a population of 565.

SEASIDE

Courtesy Chamber of Commerce

The City of Seaside is located on Clatsop Beach at the Junction of the Necanicum and Wahanna Rivers 79 miles west of Portland via the Sunset Highway. It is the terminus of the Spokane, Portland & Seattle Railway. Seaside is the most important beach resort in the Pacific Northwest on the Pacific Ocean and has a permanent population of 3,761 (1960 Census) with as high as 30,000 visitors during the summer months. Seaside is the home of the Miss Oregon Pageant which is held in Seaside each summer. The city is served by the Greyhound Motor Stages and the West Coast Airlines. From Portland it is little more than 1½ hour's driving time to the resort city officially designated as the "End of the Lewis and Clark Trail".

WARRENTON

The City of Warrenton, with a population of 2,000, is located in the northwest section of Clatsop County. The city was incorporated in 1899 and operates under the City Manager plan of government. The Skipanon River, a navigable stream, is used by ocean going vessels for the transportation of lumber and by local fishing fleets. The stream being located through the industrial district and directly connected to the Columbia insures a fishing industry and seagoing commerce to all industries requiring it. There is a complete grade and high school system as well as adequate churches. Railway freight transportation is by the Spokane, Portland & Seattle Railway.

**KNOW YOUR
ENDORRSERS!**

The Government Never Redeems Counterfeit Money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT **Counterfeit**—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL **Counterfeit**—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBER **Counterfeit**—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER **Counterfeit**—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will not prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY," which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D. C.

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Out Of Sight!

Out Of Mind!

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).
 In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment are listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co.)

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

POLK'S ASTORIA

Directory of Householders, Occupants of Office
Buildings and Other Business Places, Including
a Complete Street and Avenue Guide

1960

Copyright, 1960, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance).

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

**CITY DIRECTORY
ADVERTISING
IS *National* ADVERTISING**

★ Each edition of your City Directory is widely distributed to free - reference City Directory Libraries located at the Chambers of Commerce of Hundreds of other cities.

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

WHY A YELLOW PAGE SECTION?

***It is customary to include a Yellow Page Section in the City Directory because:**

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

POLK'S

NEED FINANCIAL FACTS?

THEN YOU NEED

POLK'S *Bank Directory*

POLK'S will answer your questions, supply connections, fill needs . . . because Polk's is the one — the only — bank directory that completely covers the banking and financial world.

POLK'S BANK DIRECTORY includes the latest, most detailed information on:

All U. S. Banks and their branches
Banks throughout the world
Investment Dealers

Life Insurance Companies
Government Financial Agencies
Banking and Financial Associations

POLK'S lists officers, directors, latest financial statements and much more helpful data.

POLK'S BANK DIRECTORY is compiled for quick, easy reference. All pertinent facts are placed together. Thumb tabs mark cities and states.

Get the most complete, accurate financial information available.
