INTRODUCTION AND GENERAL INDEX

— — — — —

R. L. POLK & CO., publishers of more than 1,300 city, county, state and national Directories, present to subscribers and the general public, this, the 1966-67 edition of the Astoria City Directory.

Confidence in the growth of Astoria and Clatsop County's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Astoria City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Astoria, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Astoria, Gearhart, Hammond, Seaside and Warrenton is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Astoria, Gearhart, Hammond, Seaside and Warrenton, and the name, official personnel, nature and address of each firm and corporation in these cities.

III. THE ASTORIA DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Astoria Hammond and Warrenton is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the

named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, and the listing of telephone numbers.

A similar Directory of Householders is shown for Seaside-Gearhart

IV. THE NUMERICAL TELEPHONE DIRECTORY for Astoria Hammond, Warrenton, Seaside and Gearhart is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Astoria and Clatsop County, for business men, everywhere realize that the City Directory represents a community as it really is.

The Directory Library

Through the courtesy of the publishers of the Astoria City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HOSPITALS—2, with 93 beds.

General Review

Astoria and Clatsop County are rich in historic interest and importance. Early events occurring here had far reaching effects, eventually resulting in Oregon and the Pacific Northwest becoming a part of the United States instead of the possession of a foreign power.

Urged on by the desire to find a fabled "Northwest Passage" by water across the North American continent, Spanish and British explorers had sailed along the Oregon and Washington coastline, but the Columbia River was not discovered until 1792, when Captain Robert Gray of Boston entered the river and named it after his ship, the "Columbia."

In 1804, President Jefferson appointed Captains Meriweather Lewis and William Clarke to head an expedition across the western plains and mountains to the Pacific Ocean. Lewis and Clarke explored the Lower Columbia region and spent the winter of 1805-1806 at Fort Clatsop, near Astoria.

Fort Clatsop, a national memorial park, the 1805-06 headquarters of Lewis & Clark near Astoria was rebuilt in its exact replica in 1955 and is one of the finest tourist attractions on the Pacific Coast today. Located on the exact site of the original fort, 3 miles east of Highway 101 between Astoria and Warrenton.

In 1810, John Jacob Astor of New York organized the Pacific Fur Company to engage in the fur trade on the Columbia River. This company sent the ship "Tonquin" by sea and another party overland, the two to meet at the mouth of the Columbia River. The men in the "Tonquin" arrived at their destination in March 1811, and built Fort Astoria, the first permanent American settlement on the Pacific Coast. After many hardships and loss of lives the overland party arrived in the winter of 1811. Due to the War of 1812 and the loss of relief ships, the fort passed into the possession of the British, but was restored to the American flag in 1818.

Astoria today is a modern city of about approx 12,000 population, the commercial, financial and shipping center of the Lower Columbia River district of Northwestern Oregon and Southwestern Washington. Most of the Astoria business district was rebuilt following a disastrous fire in 1922 and its stores and office buildings are a credit to a city of its size.

A large permanent base for the Reserve Fleet, U. S. Maritime Commission is also located at Astoria. At this installation are many vessels which can be reactivated on extremely short notice, in the event of a national emergency.

At the larger waterfront docks ocean liners load for ports around the world. Fast, frequent ferry service across the Columbia River connects the highway systems of Oregon and Washington.

Astoria's hotels, restaurants, garages and a modern retail shopping district furnish a complete, satisfactory service to the traveling public.

Basic Industrial Resources

Astoria is the headquarters of the Columbia River fishing industry. Plants located in or near Astoria produce canned, frozen and cured salmon, fish meal and oil with an estimated value of \$30,000,000 annually. A newly developed industry, steadily growing in economic importance, is the tuna fishing and packing industry. White meat albacore tuna are caught by deep-sea trollers beyond the mouth of the Columbia River in the Pacific Ocean, and the majority of salmon canneries have facilities for tuna canning also. Pilchards, used for fish meal and oil, are taken with purse seines by boats operating in the Pacific Ocean beyond the three-mile limit. About two thousand boats of various sizes and types are engaged in the Columbia River fishing industry.

Timber, several varieties, all growing to immense size, forms the basin of a large logging and lumbering industry in Clatsop County. Fir, hemlock, spruce and cedar grow thickly on the slopes of the Coastal Range. The logs are hauled by train or motor truck to tidal streams, then towed to Columbia River sawmills. There they are made into every kind of lumber or converted to other wood products, such as veneer, plywood, shingles, pulp and paper, eventually going to markets all over the world.

Agriculture—highly specialized, producing top quality, high value crops—is concentrated mostly along the Columbia River and its Tributaries and in coastal river valleys. The principal dairy farms are stocked with herds of high producing agricultural activity. Dairying is favored by a long period of green pasture, large yields of root and forage crops.

Other important agricultural products are eggs, poultry, bent grass seed, cranberries, bulbs and vegetables. Fresh garden peas are shipped by carloads to eastern markets, where their exceptional quality brings high prices.

Climate

The geographical location of Astoria produces a mild equable climate, spring-like most of the year. There are no extremes of heat or cold. Temperatures below freezing are usually of only a few days' duration and there are no summer "heat waves" or drought periods. The average frostless growing season is nearly ten months. The mean maximum temperature in December is 43. The average annual rainfall is about 76 inches, most of which falls between November 1st and March 1st.

Recreational Attractions

Astoria is at the center of a beach resort recreational area along the Oregon and Washington coasts north and south of the Columbia River. The Clatsop beaches offer the vacationist and tourist unequalled opportunity for rest and recreation. Southward from the Columbia River for thirty miles reach the smooth, surfwashed sands of the beaches.

Along this stretch of interesting ocean front are located the resort communities of Seaside, Gearhart and Cannon Beach. There are accommodations to satisfy individual desire or fit any expense budget—modern hotels, comfortable cottages, auto courts or camping sites. The restaurants and markets offer all kinds of fresh sea food and garden vegetables.

Many interesting and historic tourist attractions are to be found in and near Astoria, including the famous Astor Column, Columbia River Maritime Museum, Fort Clatsop, Fort Astoria, Fort Stevens State Park, the wreck of Peter Iredale, Saddle Mountain State Park, Ecola Park, plus many other attractions for the tourist.

The Astoria Chamber of Commerce, 270 14th Street maintains an information service for tourists and others interested in Astoria and Clatsop County. Booklets, maps and other materials are available free to inquirers.

GEARHART

A Post Office on the Spokane, Portland & Seattle Railway; 15 miles southwest of Astoria, and 3 miles from Seaside, Gearhart has a population of 725.

GEARHART, in 1849, was the home of two adults, four children, four cows, two calves and two American mares. It was the home of the Philip Gearhart farm, and the area remained primarily a farming community until the Gearhart Park Company was formed in 1913

" to establish and maintain a beach resort." Capital stock of \$300,000 was sold and the area did indeed become a beach resort.

Situated just north of Seaside off U. S. Highway 101 on the shores of the Pacific, Gearhart now lures more and more vacationers and conventioners each year with elegant accommodations and excellent restaurants and cocktail lounges. The Gearhart beach is highly acclaimed for its productive surf and dory fishing and clamming. Also of interest to outdoorsmen are Gearhart's 18-hole public golf course, its riding stables and easy access to nearby camping, hunting, fishing and water skiing.

HAMMOND

Population 550

HAMMOND was incorporated in 1899 under the name of New Astoria. But since A. B. Hammond, an early community leader had most of the town's public buildings named after him. voters in a 1915 public election cast their votes in favor of putting a stop to the confusion and named the entire town after him.

Just east of Hammond is the Hvalfangst whaling station, suppliers of whale oil, bioproducts and meat for Northwest mink ranches. Whaling crews are generally active throughout the summer months.

One half mile from Hammond is Fort Stevens, built during the 1860's to guard the entrance to the Columbia River. Battery Russell at Fort Stevens was the only fortified spot in the United States to be fired upon by the Japanese in World War II. Also located at Fort Stevens is the wreck of the Peter Iredale. This was a British bark of 2,075 tons which was stranded on Clatsop beach, October 25, 1906.

SEASIDE

(Courtesy of Chamber of Commerce)

The City of Seaside is located on Clatsop Beach at the Junction of the Necanicum and Neawanna Rivers 79 miles west of Portland via the Sunset Highway. It is the terminus of the Spokane, Portland & Seattle Railway. Seaside is the most important beach resort in the Pacific Northwest on the Pacific Ocean and has a permanent population of 3,927 (1964 census) with as high as 30,000 visitors during the summer months. Seaside is the home of the Miss Oregon Pageant which is held in Seaside each summer. The city is served by the Greyhound Motor Stages and the West Coast Airlines. From Portland it is little more than 1½ hour's driving time to the resort city officially designated as the "End of the Lewis and Clark Trail"

SEASIDE, unlike Gearhart, was not at any time intended to be a small, rural farming community. From the day of dynamic Ben Holladay's arrival on the scene in 1871, Seaside was destined to become what it is today: "Oregon's leading resort city by the sea!"

Ben Holladay, shipping magnate, stage coach operator and railroad builder, bought a large land claim and constructed the Seaside House, a famous hotel for which the city was finally named. Holladay's lavish hotel was surrounded by a stable of fine horses, barns and a race track. Cages of wild animals were on display nearby and tame deer wandered the grounds at will.

A trap in the Necanicum River provided fresh fish each day. A flag flew from a flag staff atop the hotel, to be saluted by the firing of

cannons aboard Holladay's steamers as they journeyed up and down the coast. Seaside became known as "The Coastal Capital of Oregon." The title still stands.

In 1920 Seaside's famed paved Promenade was built. It extends more than 8,000 feet along the city's ocean frontage property. The Prom affords strollers majestic views south to Tillamook Head, east to picturesque Saddle Mountain and west to the blue Pacific.

Driving west on Seaside's Broadway Street, one reaches Seaside's popular ocean-view "Turnaround," a point officially designated as the end of the Lewis and Clark trail. The "Turnaround" is just a few blocks north of the Lewis and Clark salt cairn where, in the winter of 1805-06, men boiled sea water day and night in a successful effort to keep their Fort Clatsop party provided with salt. The salt cairn has been restored at its original site. Many other points of historical significance are located within the city.

For the recreation-minded, the Seaside area offers all an Oregon coastal community can offer, from surfing and clamming to golfing and horseback riding. If you like your fishing nearby, walk a few blocks to the Necanicum River. It flows practically through the center of Seaside, and produces some of the finest salmon and steelhead fishing in the state

WARRENTON

The City of Warrenton, with a population of 1,767, is located in the northwest section of Clatsop County. The city was incorporated in 1899 and operates under the City Manager plan of government. The Skipanon River, a navigable stream, is used by ocean going vessels for the transportation of lumber and by local fishing fleets. The stream being located through the industrial district and directly connected to the Columbia insures a fishing industry and seagoing commerce to all industries requiring it. There is a complete grade and high school system as well as adequate churches. Railway freight transportation is by the Spokane, Portland & Seattle Railway.

WARRENTON, in 1899, was named for Daniel Knight Warren who owned 160 acres at the present site of the city. His hired Chinese laborers hand-built a dike two and one-half miles long on the Skipanon River, and soon thereafter Warrenton became the thriving fishing community it remains today.

Visitors are welcome at Warrenton's commercial packing houses where they will be interested in seeing firsthand the care given to the canning, freezing and packaging of crab, salmon, tuna, shrimp and bottom fish.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

** Out of Business **

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

"r"—RESIDENT

"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

POLK'S ASTORIA

Including: Hammond and Warrenton

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1966-67

Copyright, 1966, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL © FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.)

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

POLK'S SEASIDE-GEARHART

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1966-67

Copyright, 1966, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL © FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.)

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

SERVICES

of R. L. Polk & Co.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,300 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally. Polk also cooperates in maintaining City Directory Reference Libraries in cities throughout the United States and Canada.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping, creative services and fulfillment services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

BANK DIRECTORY

Published semi-annually, Polk's Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.
