INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1947-48 edition of the Wilson City Directory.

Confidence in the growth of Wilson's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Wilson to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Wilson Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 29 to 350, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Wilson, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 64, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Wilson. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Wilson, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 417 to 472, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 473 to 537. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order un-

der the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Wilson.

The Wilson Directory Library

Through the courtesy of the publishers of the Wilson City Directory, a Directory Library is maintained in the offices of the Wilson Chamber of Commerce, for free reference by the general public. This is one of 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Statistical Review

Form of Government—City manager-aldermanic.

Population—1940 U. S. Census, 19,234; 1945 ration book, 22,400. American-born, 97%. Predominating nationalities of foreign-born residents: Greek, Syrian and Albanian.

Area—4.75 square miles.

Altitude—145 feet above sea level.

Climate—Mean annual temperature, 61.8 degrees F. (1946); average annual rainfall, 37.03 inches (1946).

Parks—4 public.

Assessed Valuation—\$18,635,447.

Bonded Debt—\$1,748,000.

Financial Data—3 banks, with total deposits of \$119,699,-028.33 (Dec. 31, 1946). 2 building and loan associations, with total assets of \$1,575,229.16 (Dec. 31, 1946).

Postal Receipts—\$139,353 (calendar year 1946).

Churches—16, representing 10 denominations.

Industry—Chief industries of city and surrounding territory: Agriculture, manufacturing and lumbering. 40 manufacturing establishments, employing 6,225 men and 3,360 women, and paying wages of \$7,583,200 annually (last report). Principal manufactured products: Wagons, bus bodies, fertilizer, cotton yarn, cottonseed hulls and oils, bakery products, dairy products, fixtures, veneers, feeds, lumber products, plush materials, shirts, blouses and tents.

Trade Area—Retail area has radius of 40 miles, and population of 400,000; wholesale area, radius of 100 miles, and population of 1,674,871.

Newspapers—1 daily and 1 semi-monthly.

Radio Stations—WGTM and WGTM-FM.

Hotels—2 principal, with total of 300 rooms.

Railroads—2: Atlantic Coast Line and Norfolk Southern.

Highways—U. S. 246 and 301; State 42 and 58.

Amusements—Largest auditorium in city (high school) seats 1,400 persons. 5 moving-picture theatres, with total seating capacity of 3,175 persons. 1 golf course (18 holes). 1 swimming pool.

Hospitals—5, with total of 409 beds.

Education—Atlantic Christian College. 7 public schools, including 1 senior high. 1 parochial school. Number of pupils in public schools, 4,400; teachers, 130.

City Statistics—Total street mileage, 70.78, with 24.08 miles paved. Miles of gas mains, 25; sewers, 70. Number of water meters, 3,521; light meters, 6,677; gas meters, 1,367. Capacity of water works (municipal), 3,000,000 gallons; daily average pumpage, 1,500,000 gallons; miles of mains, 47; value of electric, gas and water plant, \$2,690,452.62. Fire depart-

ment has 40 men, with 1 station and 5 pieces of motor equipment. Value of fire department property, \$115,000. Police department has 25 men, with 1 station and 4 pieces of motor equipment.

General Summary

Wilson was incorporated January 29, 1849, and is known as "The World's Largest Bright-Leaf Tobacco Market" and "The City of Beautiful Trees."

The first tobacco warehouse was constructed in Wilson in 1890. It proved very successful as a convenience to the farmers, as well as a profitable business enterprise for the owners. From the beginning, Wilson proved popular as a tobacco market, and that this popularity has increased is evidenced by Wilson's phenomenal growth in this respect, the city having gained the distinction of being the world's largest bright-leaf market. Although a tobacco center, Wilson has other industries that contribute materially to its payroll and welfare.

Wilson is the county seat of Wilson County and is the largest township in the county, which has a total of ten townships. Wilson County was named for the Hon. Louis D. Wilson, long a member of the Senate from Edgecombe County and a volunteer in the Mexican War. By the U. S. Census of 1940, the county population was 50,219.

Industries

To trace the background of Wilson's industrial program, special reference should be made to its first industry, established in 1854 under the name of Hackney Bros., engaged in the manufacture of buggies. Later there came a rapid

Aerial View of Business Area of Wilson

change in vehicles, automobiles replacing buggies, and in keeping with this development, Hackney Bros., in 1919, discontinued the manufacture of buggies, reorganizing under the name of Hackney Bros. Body Co. Since that time this company has engaged in manufacturing the latest types of commercial bus bodies. Wilson's second oldest industry, the Hackney Wagon Co., was organized in 1903. This concern manufactures the most modern type of horse-drawn wagons and other articles. Other products manufactured in Wilson include cotton yarn, cotton linters, cottonseed hulls, cottonseed oil, acid phosphate, various grades of fertilizer, ice, lumber, building materials, memorial monuments, mattresses, dairy products, candy, bottled drinks, concrete pipe, neon signs, upholstered furniture, shirts, pajamas, blouses, bakery products, plush materials and tents.

Although not actually engaged in manufacturing, the tobacco re-drying plants located in Wilson are an important factor in the industrial life of the community, particularly from the standpoint of employment and payroll. These re-drying plants prepare tobacco through a stemming, steaming and grading process that puts it in readiness for manufacturing, hence their operations are closely aligned with manufacture.

Wilson, the World's Largest Tobacco Market

Tobacco more than anything else has given Wilson an international reputation, for it is "The World's Largest Bright-Leaf Tobacco Market." A summary of this huge tobacco industry is as follows:

There are thirteen auction tobacco warehouses, with a combined floor space of 1,000,000 square feet, which, when filled to capacity, will hold approximately 6,500,000 pounds. There are ten tobacco re-drying plants, furnishing a re-drying capacity of approximately 2,500,000 pounds daily, with three eight-hour shifts as the regulation running time.

**Scene in a Tobacco Warehouse, in the World's
Largest Bright-Leaf Tobacco Market**

There are five sets of buyers, all companies being represented, and at a selling rate of 360 piles of tobacco per hour, it is possible for these men to purchase on an average of approximately 1,350,000 pounds per day. With six hours as the regulation sales day, warehouse floors, when filled to capacity, can be cleared in three days. Wilson reached its selling peak in 1939, the total sales for that year being 91,007,768 pounds, and the receipts for this tobacco totaled \$15,039,003.40. In 1946 the Wilson markets sold 89,650,346 pounds for an average of \$51.39 per hundred, this tobacco brings \$46,066,887. Consistently, the Wilson market leads the 76 bright-leaf markets in the flue-cured area, covering six states, in total sales and highest average price. These advantages offered by the Wilson market make it the most popular in eastern North Carolina.

Agriculture

Wilson County is primarily an agricultural county, with practically 80% of its income derived directly or indirectly from agricultural products. The principal crops are tobacco, cotton and corn, although the following commodities are produced in reasonable proportions: Wheat, peanuts, rye, cowpeas, soy beans, cowpea hay, soy bean hay, mixed hay and clover. The soil is adapted for the growing of most all types of vegetables and fruits, although these crops are not grown and marketed on any large commercial scale, but mostly for home consumption. One of the most important developments in the agricultural picture of Wilson County is the promotion of pure-bred live stock among the residents of the county. For outstanding agricultural achievement in 1943, Wilson County was honored by the U. S. Army Quartermaster Corps with the "A" Award, the equivalent of the Industrial "E." Wilson was one of the 34 counties in the entire nation to be so honored.

Wilson's Green Fields, the Making of an Outstanding Agricultural Center

Location

Wilson is located on the main line of the Atlantic Coast Line Railroad and the Norfolk Southern Railroad. It is also located on U. S. Highway 301, which is a connecting link with the shortest north-south automobile route, and on U. S. 246, main east-west highway in the state. U. S. 301, known as the "Tobacco Trail," now leads all north-south routes in the handling of tourist traffic north and south. Wilson also is served by excellent roads leading in all directions, thus giving the town and county excellent transportation facilities. Due to its geographic location and its accessibility to the large population represented by surrounding towns within a reasonable distance, the city is now recognized as the most popular distributing center for eastern North Carolina. Many traveling men make Wilson headquarters as a result of its location advantages.

Power, Light, Gas and Water

The electric, gas and water plant and distribution system in Wilson are municipally-owned. The Town of Wilson owns approximately 400 miles of distribution lines outside the corporate limits, and furnishes electricity wholesale to six towns within a radius of twenty miles, and power and light to approximately 2,500 rural customers. The utilities of the Town of Wilson, including land, buildings and distribution system, are valued at \$2,690,452.62. The electric plant has the latest improved equipment, with a generator capacity of 15,000 k.w. The rates, both domestic and industrial, are in line with other towns in eastern Carolina. Wilson's water supply is taken from a lake at the head of Contentnea Creek. The watershed and storage space are ample to meet every requirement. The filtering and pumping plant has a capacity of 3,000,000 gallons daily. The distribution system and fire hydrants service reaches every part of the

Wilson County Court House, the Hub of County Administration

**Charles L. Coon High School, a Unit of Wilson's
Efficient School System**

**Atlantic Christian College, Accredited Center
of Advanced Learning**

town. Sewers and water are available in every section. The demand at present is 1,500,000 gallons every 24 hours.

Educational Facilities

Wilson and Wilson County have a very fine school system, with attractive school buildings and splendid equipment. There are 54 schools for white and colored pupils in the county, having a total valuation of \$1,536,853.

The Atlantic Christian College, located in Wilson, offers courses in higher education and is recognized as a standard Grade "A" college. Its enrollment for 1946-47 was approximately 500.

The City of Beautiful Trees

Wilson is known as "The City of Beautiful Trees," and though there are many residence streets in the city with a variety of lovely trees, Nash Street is considered the most beautiful, with Park Avenue deserving special recognition. Over a period of years several geographic and pictorial magazines have written special articles and given particular reference to Nash Street, and have designated it as one of the seven most beautiful residential streets in the world. To the students of nature, and especially to those who admire beautiful trees, Nash Street is a real attraction. It offers an assortment of trees as follows: Pecan, birch, magnolia, walnut, umbrella, liveoak, cypress, hickory, pine, dogwood and willow oak. On spacious lawns in front of beautiful homes, these trees are found growing amid numerous kinds of shrubbery and many-colored flowers.

Churches

Wilson is a religious town, yet it is not over-churched. There are sixteen churches, with the following denominations represented: Missionary Baptist, Freewill Baptist, Pentecost Holiness, Methodist, Presbyterian, Episcopal, Luth-

**Representative Wilson Church, in the Religious
Center of Eastern North Carolina**

eran, Christian, Catholic and Jewish. The Salvation Army conducts a mission in Wilson.

Hotels

Wilson has two modern hotels, with a total of 300 rooms, modern tourist homes, several boarding houses, numerous good apartment houses, and an excellent auto court.

Theatres

Wilson has four theatres for white people and one for Negroes, each being well-equipped, and with a combined seating capacity of 3,175.

Newspapers

The Wilson Daily Times was established in 1902 and covers Wilson County and Wilson's trading territory.

Zion's Landmark, the organ of the Primitive Baptist Church, was started in 1867, and is issued semi-monthly.

Radio Station

Wilson is the home of Radio Station WGTM (World's Greatest Tobacco Market). The station operates on a frequency of 1,340 kilocycles. The studios, which are located on U. S. 301 about one mile north of Wilson, have the latest radio equipment. The station has made definite contributions to the civic and social welfare of the city and county. Wilson also is the home of WGTM-FM, at present the most powerful FM station in eastern North Carolina. It operates on 96.9 on your FM dial.

Hospitals

Although Wilson and Wilson County are considered exceptionally favorable from a health standpoint, Wilson has four hospitals, each of brick construction, equipped with the most modern facilities. By reason of their equipment, efficiency and service, these hospitals have gained a splendid reputation and are serving a large area in and around Wilson.

Aside from these hospitals, Wilson has a private clinic and a number of skilled physicians who are contributing factors to the hospitals and medical field of the city.

The Eastern North Carolina Sanatorium, for many years a dream, has been established and is operating on the outskirts of Wilson. A 200-room hospital, it furnishes adequate facilities for the treatment of tuberculosis. Patients in this hospital come from all sections of eastern North Carolina to receive treatment. This institution has furnished much to the medical interest of the state at large.

Organizations

Wilson is proud of its organizations and clubs. Work in civic, fraternal and patriotic organizations and social clubs is spirited and intense. The civic and social welfare of the community and the county is ever before each organization, and the contributions of these groups have been manifold. The Rotary, Kiwanis and Lions clubs, the Business and Professional Women's Club, the Woman's Club, the Junior Woman's Club, the American Legion, the Amvets, the VFW Post, the Wilson Exchange Club, and the Wilson Junior Chamber of Commerce have centered their activities on projects that will benefit the community and, at the same time, aid substantially in national unity. All organizations in Wilson cooperate wholeheartedly with the Wilson Cham-

ber of Commerce in its work of coordinating civic activities and interest throughout the city and the county.

Recreation

Wilson is well supplied with recreation facilities. These include a \$76,000 stadium, with a seating capacity of 3,500, in which both baseball and football can be played. Recreation Park, covering several acres, consists of a baseball diamond, swimming pool, two tennis courts, a diamond for day and night softball, and playground equipment for children. The city also has three other parks. There is a beautiful country club located three miles from the city limits. In addition to an attractive clubhouse, which is used for banquets and dances, the Country Club has a splendid eighteen-hole golf course, and a swimming pool.

Camp Charles, a Boy Scout camp serving eastern North Carolina, is located fourteen miles east of Wilson. The Wilson Boy Scout Council was responsible for the building of this fine camp. It covers about 73 acres, with lake, large mess hall, craft shop and cabins. Under-privileged girls also make use of the camp each summer.

Library

In 1921 the Department of Literature of the Woman's Club established a free public library in Wilson. Since 1935 the library has been sponsored by the Town and County and is free to all the people in same. The Town and County have constructed one of the most complete library buildings in the state, at a cost of approximately \$75,000. It is a most up-to-date building in every respect and houses some 15,000 volumes.

Municipal Building

All executive and administrative offices of the Town of Wilson are centered in the Municipal Building, constructed in 1940 at a cost of \$127,000. This centralization aids in efficient and economic city government.

Municipal Stadium, Center of Athletic Activity

Government

Wilson is governed by a mayor, a city-manager, and a board of aldermen composed of six men, one from each ward, elected to hold office for two years.

Wilson Cotton Market

Wilson is one of the leading cotton markets of eastern North Carolina, with sales aggregating between ten and twelve thousand bales per year. The county is served by 26 cotton gins. The largest domestic and foreign importers and exporters of cotton are represented on the Wilson market.

Outstanding Records in Trade

In 1945, Wilson was first in eastern North Carolina, fifth in North Carolina, and 114th in the entire nation in wholesale sales, while it was second in eastern Carolina and 14th in North Carolina in the matter of retail sales.

In the matter of gross farm dollars, Wilson County, of which Wilson is an integral part, was third in eastern North Carolina, fourth in North Carolina, and 59th in the whole nation.

These figures, released by Sales Management in its "Survey of Buying Power," show that business in Wilson outside of its industry is "on the ball."

With an active Chamber of Commerce and a fine Retail Merchants' Division of this Chamber of Commerce, Wilson is slowly making great strides in the wholesale and retail field.

In 1946 alone, Wilson added some 21 new businesses to its payrolls and retail and wholesale power.

In the matter of the wholesale sales for 1944 and 1945, according to Sales Management, Wilson had only such larger cities as Charlotte, Greensboro, Winston-Salem and Durham, in that order, above it in the matter of wholesale

Cotton Center of the South**

Scene at Annual Tobacco Festival

sales, which totaled, in Wilson, for 1945, \$78,196,000. It is interesting to note that the four cities which outsold Wilson in North Carolina in wholesale sales in 1945 were between two and five times larger in population than this city.

Wilson has a retail trading area of 40 miles radius in which live some 400,000 persons, while it has a wholesale trading area of 100 miles radius in which live some 1,650,000 persons, or approximately half the entire population of North Carolina.

Wilson's effective buying income for 1945, again according to the 1945 "Survey of Buying Power" of Sales Management, was \$38,824,000.

Wilson has a number of wholesale concerns, but welcomes more wholesalers, as well as retailers.

Wilson's Future

It is pointed out by many that Wilson has a bright future, due to its ideal location, transportation facilities and agricultural and natural resources, all of which are important factors in attracting new industries. It would appear that Wilson is in position for industrial development, and many manufacturers are considering Wilson as a distributing center for their products, as eastern North Carolina can be so well served from this point. Many traveling men make Wilson headquarters on account of the convenience of working in and out of the city in serving eastern North Carolina. As the "King of Tobacco," Wilson may some day be engaged in the manufacture of many tobacco products. The people of Wilson are thinking in terms of expansion and commercial development and are most optimistic as to their city's future.

Wilson Chamber of Commerce

The Wilson Chamber of Commerce is recognized as the outstanding trade association in eastern North Carolina. During the past ten years it has been a contributing factor to the progress of Wilson and Wilson County. In addition to promoting such activities as trade events, industry, agriculture, conventions, tourists and advertising, it promoted the North Carolina Tobacco Exposition and Festival, which is one of the largest celebrations of its kind in the South. This festival has received nation-wide publicity in the leading newspapers and magazine publications, as well as the newsreels, and attracted 75,000 people in 1941.

The Wilson Chamber of Commerce, also serves as a clearing-house and general bureau of information. Headquarters for the Chamber are located in the lobby of the Cherry Hotel.

MORE GOODS

IF YOU ARE IN A

BUSINESS FOG

IN THE AFTERMATH OF WAR

● Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are dead as a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

Business Men Need Such Information in Such Times!

Use Our Library of
**OUT - OF - TOWN
CITY DIRECTORIES**

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CLASSIFIED BUYERS' GUIDE OF THE CITY OF WILSON (NORTH CAROLINA)

1947-48

The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the city, classified according to lines of business.

CASHIERS! TELLERS!
— CLERKS! —

Do your employers furnish you with
 the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

IF YOU ARE IN A

BUSINESS FOG

IN THE AFTERMATH OF WAR

Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are dead as a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

WHY A BUYERS' GUIDE?

**★It is customary to include a Buyers'
Guide in the City Directory because:::**

**It gives business firms the opportunity to elaborate upon a
description of their products and services impossible in the
limited space of regular Alphabetical and Classified listings.**

*The Buyers' Guide is a necessary supplement to the regular
listings; it is good City Directory information . . . EXTENDED*

Phones 2134 and 2135

*Ice Cream — Pasteurized and
Vitamin "D" Milk*

"r" — RESIDENT

"h" — HOUSEHOLDER

"r" AND **"h"**

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

HILL'S WILSON

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1947-48

Copyright, 1948, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or housecwner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of buiness; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance).

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH.

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

***Therefore your ad in the City Directory
is seen by buyers from coast-to-coast***

WHY A *Buyers'* Guide?

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . **EXTENDED.**

★It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

EVENING hours are READING hours

The
WILSON DAILY TIMES

is read
by 34,000 persons each afternoon

Since November 15, 1867, it has ever been in the band wagon in the development of Wilson. Today it is the only newspaper in Wilson county.

In the course of its 80 years, it has grown from a small weekly, a twice weekly, a small daily to its present size.* It has added new vigor to its management and it hopes, in the years to come, always to remain in the band wagon in the development of Wilson and Wilson enterprises.

The Wilson Daily Times also publishes the Zion's Landmark and conducts a large job printing department.
