Names Appearing in Black Letters

IN THIS DIRECTORY are names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public spirited support of measures which make for progress. They represent the energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding 1 year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PREFACE

(Continued from Page Seven)

is termed the Piedmont Section of the State, situated at the foot of the Blue Ridge Mountains. The city is protected from extreme temperature in Winter and Summer by these peaks that rise thousands of feet in height. To the north, west and south extend the Blue Ridge range. Hickory enjoys a year-round climate that is unexcelled anywhere, free from the rigors of northern winters and the extreme heat of the summers farther south. It is also protected from the storms of the middle western plains. This section offers to those seeking a change of location an ideal, evenly-balanced winter and summer climate. The average, annual temperature for the past ten years has been 60.2 degrees, with a record of more than 300 days of sunshine each year. The summer nights are cooled by the mountain breezes, the temperature frequently ranging 20 degrees lower than that of mid-day.

Hickory was first chartered as a town in 1870. This charter was amended in 1879, and in March 1913 the citizens by a large majority adopted what is known as the City Manager form of government, being the first city in North Carolina and one of the first in the United States to adopt this plan.

INDUSTRIES

More than \$12,000,000 is invested in the 81 diversified manufacturing plants of Hickory and the valuation of the annual output is in excess of \$50,000,000. Nearly one hundred separate articles are manufactured in these plants.

The products include auto seats and tops, auto parts, wooden boxes and box shooks, brass, bronze and iron castings, building material of all kinds, butter and creamery products, chairs, cotton mill supplies, wooden crates, office, church and theatre furniture, dining room suites, juvenile and kindergarten furniture, harness and leather, interior mill work, overalls, paper boxes and cartons, pumps, sash cords, wooden toys, general household furniture, wagons, shoe strings, pottery, tapestries.

The textile plants, hosiery, etc., of Hickory, produce carpet yarns, cambrays, corduroys, corsets and dobbie cloth, cotton yarns, curtain goods, moleskins, palm beach cloth and sateens.

Besides these many diversified products, there are 41 hosiery and knitting mills, with upward of 4,000 employees, with an annual output of 8,000,000 dozen pairs of hosiery.

Hickory is the largest cordage manufacturing center in the world, and 90 per cent of capital invested in the industrial enterprises is furnished by Hickory investors.

TRADE AND COMMERCE

Hickory is the trading center for 60,000 people, living in Catawba, Caldwell, Burke and Alexander counties. The county population, which is 89.3 per cent native white, together with the high class of workers in the manufacturing plants in the city, offers an unusually attractive opportunity for the retail and wholesale merchant looking for a new location.

MUNICIPAL AIRPORT

20 years ago the Chamber of Commerce proposed an airport for Hickory. Today, following two decades of intermittent efforts, this is now being realized.

219,000 cubic yards of earth has been excavated under W.P.A. project since the beginning of construction in December 1937, and today the first runway is nearing completion.

The project is yielding a \$32,000 W.P.A. payroll and has been the means of employment for nearly 200 men.

Located 3 miles N. W. of the center of the City, at the foothills of the Blue Ridge Mountains, the Municipal Airport when completed, will be of immense importance to Hickory and to Piedmont North Carolina.

PREFACE (cont'd)

WORTH ELLIOTT CARNEGIE LIBRARY

WORTH ELLIOTT CARNEGIE LIBRARY

Founded in 1922, the Worth Elliott Carnegie Library has grown from a small beginning of 2,500 volumes to one of the best libraries in the State of North Carolina.

It now has a book collection of 12,425 volumes, a circulation of 75,000, a total of 6,455 active borrowers and an attendance of 42,905 persons, according to the annual report of June 30, 1938.

The library consists of the main plant on Eleventh Avenue and two branch plants in the Highland and West Hickory areas, which were opened in November, 1935.

The growth of the library has been so striking that the present plant has become inadequate and a movement is now on foot to investigate the possibilities of building an addition to the present building.

PARKS AND PLAYGROUNDS

There has been a definite trend toward more Municipal parks and playgrounds in the past few years and the City has co-operated to the fullest extent.

Donations have been made to the Playground Committee to maintain and operate several Summer playgrounds in the City during the

past few Summers.

Work has been done in Carolina Park toward beautifying it, and what was once a breeding place for mosquitos, has been transformed into a thing of beauty.

WATER PURIFICATION PLANT

The new water purification plant which was placed into operation in May 1936, has a daily capacity of 1,500,000 gallons of water and can be operated to a maximum capacity of 2,000,000 gallons per day.

Modern in every respect, and possessing the latest type of water purification equipment, the plant is a credit to Hickory and her people.

It is located about a mile and a half from the City and is in the park site on Lake Hickory.

An inexhaustible supply of water is provided by the Catawba River. Auxiliary gasoline pumps are installed in both the pumping station and the filter plant, in addition to the regular electrically driven pumps, to take care of any emergency.

TRANSPORTATION

Hickory is served by the Southern Railway and the Carolina & North-Western Railway, thus offering every facility for passenger and freight traffic. Eight passenger trains daily going direct to the larger Eastern and Western centers. Through freight service to and from the East and Midwest on a favorable rate basis makes Hickory an ideal location for the manufacturer, merchant or jobber.

UTILITIES

Hickory is very fortunate to be served by the hydro-electric and steam plants of the Duke Power Company. The combined power sources represent approximately 1,127,395 K.V.A.

Power for manufacturing purposes (textiles) is available as low as 1.2 cents per Kilowatt hour, with demand discounts as high as 40 per cent, and other power rates as low as eight mills with fixed demand charges.

WATER PURIFICATION PLANT

The residential lighting and cooking rate is 2.0 cents per Kilowatt hour above 130 Kilowatt hours, based on monthly consumption.

Hickory is also fortunate in having an abundant supply of artificial gas, which is manufactured by the Piedmont Gas Company, whose plant not only serves the city but serves surrounding towns.

The gas rate in Hickory is among the lowest in North Carolina, thus making it practical for industrial plants requiring gas in their manufacturing operations to use it economically.

EDUCATION

Hickory has 10 graded schools which stand well toward the top of the list in North Carolina.

Lenoir-Rhyne College, a Grade A Co-educational Institution of the Lutheran Church, is located in Hickory, with an enrollment of 400 young men and women from all over the United States. This institution, with an endowment of over \$500,000 and with a highly trained faculty, affords an opportunity for the higher education of the youth of Hickory and the South at a remarkably low cost.

CEMETERIES

Municipally owned and maintained cemeteries are Oakwood, Houcks Chapel and Ridgeview Colored Cemetery.

Plans are now being made and the services of a landscape architect have been employed, to design the development of a thirty acre cemetery in the former town of Highland to be known as Highland Cemetery.

In 1937, the City purchased a 20 acre tract of land adjacent to the Ridgeview Cemetery, which has been platted and laid off for the addition to that cemetery.

CONCLUSION

Hickory is a city of home owners, 75 per cent of the inhabitants owning their own property. This is due to the far-sighted and progressive policy of the Building and Loan Associations of the city, whose total assets run well over \$2,000,000. It is a population with a "stake" in the community—home owning and home loving people.

The fact that the head of a large Eastern transportation system, following a survey of the Atlantic coast states, declared Hickory to be the best balanced city in America, is significant. Whether or not it is the "best balanced city in America," everyone familiar with its diversified industrial and agricultural development is in agreement that it is an ideal community in which to live and labor.

(Further information concerning Hickory and its facilities may be obtained by addressing the Hickory Chamber of Commerce.)

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. VIII

1941-1942

VOL. VIII

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. Numbers following names indicate phone number given on canvas.

Dash (—) before name denotes that number is wanting.

(e)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same,

LENOIR RHYNE COLLEGE

GENERAL INFORMATION

Lenoir Rhyne College was formally opened September 1, 1891. The beautiful and extensive campus was the gift of Capt. Walter Lenoir, in whose honor the College was named.

The following presidents have served the College: Dr. R. A. Yoder, 1891-1901; Dr. R. L. Fritz, 1901-1920; Dr. J. C. Peery, 1920-1925; Dr. P. E. Monroe, 1925-1926; Dr. H. B. Schaeffer, 1926-1934; P. E. Monroe, D. D., 1934-

Under the administration of President Schaeffer, the College was admitted to membership in the Southern Association of Colleges and Universities; the following buildings have been built: The Daniel Efrid Rhyne Administration Building, the Mauney Hall (dormitory for girls), and the College Refectory; many other interests of the institution have been furthered and improved.

In 1923 the name of the College was changed to Lenoir Rhyne College in honor of Mr. D. E. Rhyne, who has given large sums toward the advancement of the College.

CAMPUS AND BUILDINGS

The campus consists of 37 acres in the City of Hickory. A splendid athletic field and tennis courts for men and women have been laid out. The campus proper has been landscaped and beautified.

There are seven buildings on the campus. Three new buildings have been erected in recent years.

LIBRARY

The College Library of 16,000 volumes provides adequate facilities for the student in reading, studying, and research. The books are classified and catalogued.

VARIOUS COLLEGE ACTIVITIES

Lenoir Rhyne has a Literary Society; National Honorary Journalistic and Dramatic Fraternities, Glee Club, Debating Teams, Playmakers, etc.

The students publish an annual, *Hacawa*, and a weekly newspaper, *The Lenoir Rhynean*.

RELIGIOUS ACTIVITIES

Lenoir Rhyne affords opportunity for participation in various religious activities. Chapel services are conducted daily; Church and Sunday School services are held every Sunday on the campus; The Luther League, Diakonian Club, Young Women's Missionary Society, and Y.W.C.A. are active.

ATHLETICS

The College engages in many forms of intercollegiate athletic contests.

Lenoir Rhyne College is a member, in good standing, of the Southern Association of Colleges and Secondary Schools, and conforms strictly to the regulations laid down by that body in regard to athletic activities. The College is also a member of the North Carolina Intercollegiate Conference and, as a member of this organization, enforces the eligibility rules as found in its constitution and by-laws.
